CHRIST COMMUNITY CHURCH

All Church BBQ (In Multiple Locations)

Most of our groups are still meeting, and we are strongly encouraging that. We also are planning an all-church BBQ that will be happening **Saturday, June 20th** where we want all of our small groups around our city to gather in homes or parks for a socially-distanced BBQ together that evening. If you are not in a group, we want you to be a part of one of these BBQ's, so please call the church office at 970-353-1159 or email info@cccgreeley.org and we will get you connected. Let's fully embrace June as an amazing opportunity to be the church and pursue connections together.

In-Person Church Gathering

We are excited that we will be targeting the restarting of our in-person worship gatherings on **Sunday, July 5th!** We know this will look very different than what we are used to. Currently we are exploring options for an outdoor celebration that morning. We don't know all of the details as of yet, but we do know it's going to be an awesome opportunity for us to gather together. We also believe trying to meet together outside for prayer and teaching is our best and safest approach on that day. We will be providing more details in the upcoming weeks.

Zoom Call with Alan

If you are involved in Law Enforcement, Pastor Alan would like to connect with you through a Zoom check-in to hear how this season is impacting you and pray for you this Wednesday, June 17th at 7:00 pm. Please email Jamie at jamied@cccgreeley.org to receive the link to this Zoom call.

We Want You To Connect With One Another

Groups are as necessary as ever and are continuing to meet through a variety of communication tools during this unique season. If you are desiring Christian community, please visit our website and click on the Groups button, or email Shane Fanning at shanef@cccgreeley.org.

Hiking Group

Summer months through early fall
One-two times per week
Trails throughout NOCO

We desire to bring people together to enjoy God's creation while building relationships!

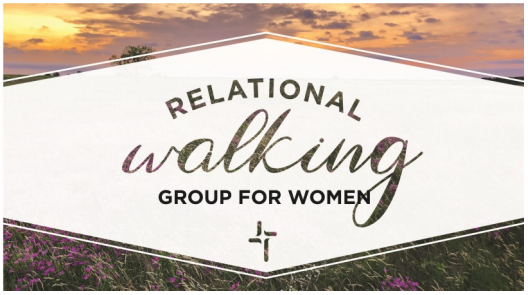
Relational Walking For Women

During the summer months through early fall
In neighborhoods and parks around Greeley



While walking can serve as a powerful time of reflection and peace, walking alone while you're navigating a tough season can be lonely and allow negative thoughts to surface. We are hoping to provide a space for women where personal interaction, encouragement, and prayer can take place while walking in a 1:1 or 1:2 relational experience.
