God is working! By the grace of our Lord, we have become the primary sponsor of 5 new church planters in India! This was accomplished through our VBS offering—which was spearheaded by our children! Each of these church planters will be starting a church where there is currently no access to the gospel and they are fully-funded for the next 12 months! We thank God for our children and adults who have joined in God's work overseas! May the KING be glorified as His Kingdom expands!
