

## **Certain Wisdom is Coming**

Text: James 1:5-8

| at about  | t Covid-19 and our        | nation are you fi        | inding challenging | g to think clearly al      | bout?                 |
|-----------|---------------------------|--------------------------|--------------------|----------------------------|-----------------------|
|           |                           |                          |                    |                            |                       |
| a. Fill i | n the blanks from         | the main point of        | f the sermon: I an | n certain                  | will g                |
|           |                           | becaus                   | se of Jesus.       |                            |                       |
| b. Sinc   | e wisdom is "the s        | kill of living a life    | pleasing to God"   | , why is <i>responding</i> | g well to all that is |
| happe     | ning more importa         | int than a <i>comple</i> | ete understanding  | of everything tha          | t is happening?       |
|           |                           |                          |                    |                            |                       |
|           | _                         |                          |                    | . Why should you e         | earnestly desire Goo  |
|           |                           |                          |                    |                            |                       |
| a. Read   | d Proverbs 3:5-6.         | How can you disc         | ern when you're l  | leaning on "your o         | wn understanding"     |
| these     | challenging times?        | Give examples            |                    |                            |                       |
|           |                           |                          |                    |                            |                       |
|           |                           |                          |                    |                            |                       |
| b. Acco   | ording to <b>James 1:</b> | <b>5</b> – how do we ge  | et wisdom? And, v  | what is God's attitu       | ude here?             |
| c. List   | out areas you need        | d to be praying fo       | or God's wisdom f  | or right now.              |                       |
|           |                           |                          |                    |                            |                       |
|           |                           |                          |                    |                            |                       |

|         | the sermon – explain 4 of the ways God gives us wisdom after we pray in faith:                          |
|---------|---|
|         | a. Instantaneously –  |
|         |   |
|         | b. Humility –   |
|         |   |
|         |   |
|         | c. Counsel –  |
|         |   |
|         | d Foormu  |
|         | d. Energy –   |
|         |   |
| 5. Read | James 1:6-8. What type of person should not expect wisdom from God?                                     |
|         |   |
|         |   |
|         |   |
|         | a. Where do you need to be careful here?  |
|         |   |
|         |   |
| 5. Wha  | t will this wisdom from God look like in our lives? Read James 3:17.                                    |
|         |   |
|         |   |
|         |   |
| 6. Read | <b>1 Corinthians 1:30.</b> Why must we see that all wisdom "centers" on Jesus Christ and Him crucified? |
|         |   |
|         |   |
|         | t is your main take away from this teaching?  |
|         |   |
|         |   |
|         |   |
