Today's Message:

"Strait Talk"

INTRODUCTION

Last week, we began a short series on the *madness* of our world. Paul warned us of *oppositions* to the truth of God that were coming in a package called "_____ " when it was **not** science! That makes the Bible extremely relevant! Today, we will expose the extent to which this fake science has affected our world. Fundamentally, every human being on planet earth has 3 important questions that must be answered by those who come before them and in whom they put their trust. *Who am I? _____ did I come from? Where am I going?* Now, every _____ educational system must answer these questions correctly or place the longevity of the human race in peril. Our world has intentionally developed a long-term strategy to corrupt humans by removing all trace of God and His words of life. Fortunately, God has placed His church on earth to turn the light on this madness! We need to have a *strait talk* about **human origins** (where we came from) and **human biology** (who we are). Pay close attention.
