**03-19-26. Greetings from America...but soon : Mexico.**

By God's grace our deputation has been going well so far. We have made many new friends in some wonderful churches. Thankfully, some churches have even agreed to take us on for support. We have been blessed and excited to see how God provides for us in so many unexpected ways. **Pray that we get the support we need from faithful churches.** My God owns the cattle on a thousand hills, what we need in a month is nothing to him.

We have another huge blessing to share with you all; our housing problem is resolved. We are able to rent the same place that we lived in when we were first married. It's a comfortable house with two bedrooms and one bathroom, and we already know the landlord.. **Pray that we arrive safely at the end of April and that when we cross the border with our van we don't have any issues.**

Our plan for the next few months is to return to Mexico and establish ourselves in our house while we renew my wife's visa. While we are there for a few months in Mexico I will be reaching out to pastors in the US to schedule as many meetings as we can for July-October of 2026. If you are a pastor or know of a church that might be interested, please reach out to us and let us know. We are trying to raise a little more support to establish the work. We are so close to reaching our financial goals and we trust that God will quickly provide what we need. **Please pray for us that the next few months are fruitful and that we can schedule many meetings for July-October 2026.**

We have high hopes for the future of the ministry work in Calera and plan to continue ministry through soul-winning and holding events for children at parks there in May-June of this year. **Pray that God blesses our work in Calera and we are able to make several good contacts there over the next few months until we return to the US for more deputation.**

**Please pray that God would protect us as we drive down into Mexico in April, also pray that he provides the finances to go down and return again easily to the states quickly.** Thank you all for your prayers and support. Our hearts have been touched by the kindness we have seen along the way.

In Christ, Diego Lucy and baby Dalia.
