

Expositional Preaching from the Authorized Version of the Holy Bible

Current Book: *Genesis – Message #11*

Scripture(s) for Today: Genesis 1:24-31 – Creation Day 6: First the animals and creeping things

Today's Message: ***“Marvels of Every Kind!”***

INTRODUCTION

Last week, we studied Day 5 of God's creation week. He made all the living creatures in the waters and every winged and flying fowl on the same day! We concluded that God is *“The Unmistakable Designer of the World!”* Today, we will begin to look at an incredible final day of creation. We will focus on the living creatures and the creeping things on the earth that were made – each _____ in their design and purpose. God will make Himself clear that each one was made after his _____. The Evolutionary religion teaches that all species evolved from a common ancestor. What a _____!! We will also see how God made every creature to eat plants at the start. That is no small thing!

LEARNING TOGETHER

1. The Text Gen 1:24-31

- ***“Let the earth bring forth the living creature AFTER HIS KIND... AFTER HIS KIND”***
- ***“God made the beast of the earth AFTER HIS KIND... AFTER THEIR KIND... AFTER HIS KIND”***
- ✓ Gen 6:20 says, *“Of fowls after their kind... cattle after their kind, of every creeping thing of the earth after his kind, two OF EVERY SORT shall come unto thee, to keep them alive.”*
- ✓ Lev 11:22 says, *“The locust after his kind... beetle after his kind... grasshopper after his kind.”*

NOTE Ten times God said each plant and living creature was created ***AFTER HIS KIND***!

How do you miss that?? A biblical *kind* represents the basic reproductive boundary of an organism. That is, the offspring of an organism is ALWAYS the same *kind* as its parents, even though it may display amazing variation. There may be an abundance of variation within each *kind*, but never could one *kind* bring forth another *kind*! Thus, an unlimited evolution was prohibited and prevented by the Creator right from the start! He designed and formed a highly complex reproductive program for each of the *kinds* by implanting a code in the DNA. Within their DNA, God placed the potential for tremendous variety, including new species. That said, every species still belongs to its original *kind* – cats are still cats, and dogs are still dogs!

- ✓ **Ps 104:21** says, “The **young lions** roar after their prey, and seek their meat from God.”

NOTE There was no scarcity of resources for food on this day in history! The entire face of the earth was given as a pantry for man and for all living creatures! God told every creature to eat green plants, and it was so. Man was not told by God to eat meat from animals until after the flood. We will discover in Genesis 3 that the fall of man had far-reaching consequences that impacted God’s creation well beyond Adam.

2. The Lesson

Genesis Lesson 11: ***God intentionally made living creatures to NEVER evolve!***

➡ God purposefully prohibited and prevented living creatures from unlimited evolution!

So, how can you apply Creation Day 6 to your life today?

1. Evolution’s religion is a devilish _____! Do YOU hate this evil religion yet?

Ps 119:104 “Through thy precepts ***I get understanding: therefore I hate every false way.***”

- Genesis 1 has given us understanding. Therefore, we must hate evolution’s lies.

2. Earnestly contend for God’s _____! What will YOU do to contend for truth?

Ju 3 “Ye should earnestly contend for the faith which was once delivered unto the saints.”

- If God’s church will not stand for His truth who will? Go and teach all nations!
