1. Looking back at your notes from this week's teaching, was there anything that particularly caught your attention, challenged, or confused you?

2. What is one mistake you have learned from recently? What was the outcome and what has changed as a result of the lesson you learned?

3. Repeatedly throughout Scripture God reassures those He has called and loves that He will never leave them. Why then might we tend to 'feel' like God is not with us or for us? Is this feeling true? How should we respond?

4. In Deuteronomy 20:1, God says, "*When you go out to battle against your enemies, and see horses and chariots and people more numerous than you, do not be afraid of them...*" What words of encouragement can we share with others (or receive ourselves) when we think we are not 'good enough' or that we don't 'have what it takes' to be or do something?

5. When Moses led the Israelites across the Red Sea, it parted before they stepped in (Exodus 14:21). But when they crossed the Jordan River, the priests had to step in *first* and get their feet wet before the water parted (Joshua 3:13). Describe a time when you had to 'step in first and get your feet wet' before you witnessed God do something incredible. Is there something currently you believe God is calling you to step into? (If so, stop and pray for one another right now!)
