Taking it further to help you THRIVE...

THRIVE Groups are where life and growth take place.

We don't want to just say "See you next week" as we leave each Sunday - we want to connect!

[For more info on joining a THRIVE Group, visit thrivekg.org/thrive-groups.]

1. Looking back at your notes from this week's teaching, was there anything that particularly caught your attention, challenged, or confused you?
2. Regarding our interactions with people in need, there are two perspectives: 1. Just 'preach the gospel' to them and don't worry about the physical needs; 2. Just do good things for them and remain silent concerning the gospel of Christ and just pray they 'get saved' one day. Why are both of these not good options? What is a better option? Describe what that third option would look like lived out.
3. What prevents us from more readily seeing the needs of others around us? In what ways might you have grown a touch too inwardly focused? How has God prompted you recently to be more outwardly focused? What changes in your perspective have you noticed as a result?
4. When a need arises, is your tendency to think that 'someone else' will probably take care of it, or are you quick to say 'I will take care of that'? What are the pros and cons of each of these responses?
5. (Who is your personal sphere of influence is in a place of great need right now? Pray and ask God how He might want to use you to be His hands, feet, and mouthpiece in that person's life.)
