Legend of Revelation- Understanding the Imagery

Understanding the Scroll

The scroll is the final of chronology or syllabus of end time events from the church age roughly from Pentecost leading to the end of worldly kingdoms and the kingdom of the Beast and the physical and spiritual establishment of the Kingdom of God.

The scroll was opened either when Jesus ascended at the right hand of the Father or in 95 AD when the Revelation is given to John revealing events throughout the Church Age both in Heaven and on earth. This why John is commanded to write the things he has seen, those that are and those are to come.
