

Jonah 4: Where is your Ninevah?
March 17, 2019
Joel Goff, Interim Pastor

Discussion Questions:

1. Although Scripture does not answer the question for us discuss this question: did these events lead to a heart change for Jonah? Why or why not?
2. Pastor Joel referenced several times that the longer we are believers the easier it is to forget our daily need for grace. How do you cultivate a life of grace to combat the natural inclination to think "we deserve God's best in life"?
3. Share with the group a time in your life where you were offended or angry with someone's testimony of God's grace? Even to the point of wondering if the testimony was a "scam"? How did that supposed life change in the other person work itself out over time?
4. What has been a take away from you in the four-week study of Jonah?
5. Pastor Joel left you with a question at the end of the sermon: "How much do you need God's grace today?" Share how you are trying to honestly answer that in your daily life.
