“Sit at the Table” Acts 2:42-47

November 4, 2018 / Joel Goff, Interim Pastor

Questions for discussion

1. Pastor Joel shared a few “rituals” from his growing up years. How about your family? Share a few “rituals” that left an important imprint on your life? Perhaps there were some rituals that you wished you had experienced as a child but didn’t. Share those as well
2. As you think about the four principles taken from Acts 2, eating together, studying God’s Word, meeting others’ needs and prayer and praise, share how any of them are becoming a part of your family ritual.
3. What makes it most difficult to begin, sustain and habituate these kinds of important family values and traditions?
4. Take some time to share how any of these have “looked different” depending on the stage of life you are in?
5. How will/do these look once kids have moved on? How can you teach and model these in the life of the kids and youth you are serving at Cornerstone?

Take some time praying for each other regarding top appropriation of these values in your life now. It is never too late to start
