- Is Jesus the most important thing in my life?
- What things are getting in the way of my relationship with Jesus?
- What do I need to start doing or do more consistently to grow my relationship with Jesus?

Seeking community more fully:

- How important have I made church in my life?
- What needs to change in my life to make my church community a higher priority?
- How can I use my gifts, talents, resources, and abilities to impact my church community?
