

LC3 Missions in Focus: Tyler Pease, Perspectives

LC3 partners with Tyler Pease to bring Perspectives to our region. Perspectives is a comprehensive study course that is rooted in the Scriptures. It's a multi-faceted learning experience that has profoundly impacted over 250,000 alumni.

God has a unique role for each Christian in His global purpose of evangelizing the nations. But perspectives isn't a course solely about world missions. It's a study program clarifying each believer's remarkable opportunity to join God in His global purpose. Join this class and the many believers who have already found a new perspective on how they can be a part of God's purpose.

Prayer Requests

- People would sign up to participate in Perspectives.
- God would move mightily in the hearts and minds of those taking the course.

A STORY OF PERSPECTIVES

SUE & MONTY BAKKEN

Monty and I attended our first Perspectives class in January 2022, right here at LC3. That evening we procured the daunting, thick syllabus and were blessed by Reg Overstreet's preaching about God's Global Mission.

Following that first evening, I wrote in my journal: "Father, I'm scared to commit 15 weeks of classes, study and homework. But, I also don't want to miss out on understanding more about your global plan." Never realizing at the time we might get to be a little part of His global mission.

In January 2023, we were part of the LC3 team that ministered to the SIM missionaries in Niamey, Niger. The following fall, we both felt called to go back to Niger and teach at Sahel Academy in Niamey. There we witnessed God's hand moving in a country that is 90% Muslim, with modern technology alongside donkey carts and sheep and goats everywhere. It is a land where His global workers are serving and equipping the local church.

Even though we were only in the field for 70 days, we would never have dipped our toes into African soil and sang hymns of faith in French with the Nigerian church had we never attended Perspectives.
