

Come Into the Ark

1. One of Pastor Marc's first points was the fact that Noah was a graced man. What is the significance of describing Noah this way? How does that speak to us?
2. What do you think of Noah being described as blameless? Do you consider yourself blameless? Why or why not?
3. What's the hardest thing you've ever had to stand up to (like Noah building an Ark on dry land) with people around you, pressuring you to do differently (e.g., Pastor Marc

mentioned temptation at a party or in the military)? What helped you stay strong? What made standing up more difficult?

4. What do you think was God's purpose for the Ark? How does that speak to us today?
5. What can you do this Easter to focus yourself on the cross? To focus those close to you on the cross? To help share the cross with others in your life?
