Sermon Series: People of the Promise

# Your Only Son

**Ice Breaker: Hermann Rorschach developed a "perception experiment" to study how people see things. What do you see in this inkblot?**

1. Can you think back before you heard the sermon on [Genesis 22](#), what was your perception of God in the story of Abraham and Isaac? Did your perception change after hearing the sermon?
2. [Verse 1](#) says that God tested Abraham. Discuss this biblical view of testing.
3. Abraham trusted God's provision for a sacrifice. Can you share a story of when you had to trust God for His provision?
4. How can this story influence our understanding and reaction to the trials in our life?

5. How does this lesson shape our understanding of faith and sacrifice?
6. Why are lineages important to read in Scripture?
7. What opportunity do you have to prove your trust in God's faithfulness?
