QUESTIONS FOR FURTHER REFLECTION:

1. Do you have a group of people that you consider to be a spiritual family? Why or why not? What would it take for you to gather that type of family around you?
2. We've seen that God has given the primary responsibility of discipleship to moms and dads. How does that hit you? Does it cause you stress? Do you as a parent feel this weight? Are you able to entrust this task to the Lord?
3. How easily do you open up to others in your life? What hinders you? What would help you eliminate those hindrances?
4. Is there someone in your life that you should be investing in? What steps can you take to move that direction?
