

DAY 9

What role does beauty play in God's creation? Read Genesis 1 today and think about the amazing beauty of what God created. Why did God create such diversity in the environments found on Earth? Could it be that God enjoys beautiful things?

Given that God made mankind in His Image, doesn't it make sense that we also have a built in desire for beauty and craftsmanship?

What do our church buildings say about how we see God? I am not saying we should have buildings covered in gold or precious jewels, but I want you to consider how others think about God when they see our buildings. Do they give a good impression of God?
