

Day 34

Read Joshua 1: 7-9.

What holds you back from fully following God's leading in your life? Joshua had an awesome task laid out before him. He was to be the leader who followed Moses, the man who was in charge of leading Israel out of Egypt and through the Desert Wanderings. Moses was the man who led God's people. Now Joshua was to lead this group of people into a foreign land where walled cities with great armies awaited. Of course, he had fears.

But God called him to not be afraid or discouraged. What task has God laid before you to accomplish in His name? What task has God laid before our church to accomplish?

Instead of recoiling in fear, let's place our trust in God and face those tasks with confidence that where God calls, He supplies.
