TRUTH & TIMING

as you go

These are simple questions to ask your student as you go home from church or go about your weekly activities.

- **_01** What are some common activities that require specific timing (such as baking or playing music? Why is the timing important?
- How do you determine whether a piece of information or news you hear is true or false? What resources do you use? Who do you ask?

family DEVOTION

Consider following up with your student later in the week with the following summary and discussion questions.

SUMMARY: 2 THESSALONIANS 2:1-12

In Paul's previous letter, he had assured the Thessalonian believers that Christians who had already died were not going to miss out on the second coming of Christ and the hope of future resurrection (1 Thess. 4:13-17). From this letter, it seems they continued to believe false teachings about Christ's return. Perhaps certain people were saying that Jesus had already returned, so the believers were afraid that they had missed Christ's return themselves. Whatever false teachings they were believing, they were letting fear and false teaching guide their steps. Paul was drawing them back to the truth regarding the day of the Lord.

discussion QUESTIONS

- How were the Thessalonians being misled? How did Paul say they could potentially be misled in the future?
- How do we know we can trust God's timing? What are some of the potential threats to our our faith in His timing?

PRAY: Say a prayer asking God to bring you back to His truth when you start to doubt His promises or are faced with lies or misconceptions about His provision and timing. Thank Him that His timing is always good.

Believers can trust God's timing and plan for the future.
