

PASTOR'S PEN

Buckle up, it's about to get busy around here! Over the next three months FBC Sanger will engage in reaching the world for Jesus. We have three camps: Children, youth Super Summer and Falls Creek. We have three mission trips: Portland, OR and two to Honduras. We have Vacation Bible School. We have a couple's retreat coming soon.

Yes, we will be busy, but we must never forget the importance of weekly worship and Connect group attendance. Running all over the world serving God does not take the place of gathering weekly to worship, fellowship and learn together. Make sure you prioritize attending each week.

I mentioned a mission trip to Portland, Oregon. Turner Barnes, one of our homegrown missionaries, serves as a collegiate minister in the suburbs of Portland. Two couples from our church will be going to help prepare and serve the end of year banquet for his ministry. While there, this team will give encouragement to Turner and free his team to focus on the non-food aspects of this banquet. As a church, we support Turner each month with a financial donation. This is an opportunity to support him in person. We will provide the food for this banquet. The money raised from the banquet will then be able to send students from their ministry on summer mission trips. If you would like to help provide the funds for purchasing food, mark your check as "Portland Mission."

Let's make this summer the best ever.
