

DAY 15

Every Spring Sanger hosts a “Trash Off” day. This is an opportunity for residents of Sanger to get rid of the accumulated stuff that so often fills our homes. Most of us have items sitting in the garage that just take up space. Getting rid of that accumulated stuff is sometimes difficult, Let’s face it, we stored it for some reason, usually an emotional reaction of nostalgia or fleeting happiness it once brought.

Our walk with Christ is often just like our garage. We have accumulated stuff called sin in our lives. How do we go about cleaning up our lives from sin? Read 1 John 1: 9.

What sins do you need to confess? Are there activities you continue, knowing that God wants something different in your life? Have you failed to begin something God wants to get going in your life?

Confess those things to God. Ask Him to cleanse your life just as we clean our garages.
