

Session 5 Discussion Questions

1. Share your name and one thing that stood out to you in this week's study materials (homework or teaching).
2. How did the fourfold framework of [Foreshadow](#), [Falls Short](#), [Fulfillment](#), and [Forward](#) assist you in organizing how you think about the king?
3. The Israelites believed the lie that "it will be better when..." by being certain that having a human king would fix all their problems. What "it will be better when..." thinking do you have in your own life, and what affect does it have on your trust in God?
4. To help you with the [Forward](#) component of the framework, discuss the following questions:

[Because Jesus is the King:](#)

What is one way I can reflect this truth in how I worship Him?

What is one way I can acknowledge this truth in how I pray?

What is one way I can carry this truth in my day-to-day walk?

What is one way I can shine the light of this truth to others?
