Elementary School Students...

Keep up with the Gospel Project while you are at home:

The video that I recorded is available on the website and the Bridgepointe app, but the good stuff is in ministry grid

Check your email (even Junk Folders) to create a log in name and password for Ministry Grid. There you will find your regular bible story video, the questions from kids video, the large group teaching that I recorded, your coloring sheet, activity sheet, and discussion questions to go over as a family. Once logged in, you will have to complete one item to move on to the next... watch a video, click complete, watch the next one, click complete,... and so on. I love you all. I pray this is helpful to you.
