

Read 1 Corinthians 13

What does loving someone well look like? What does loving a non-family member look like? What does loving a stranger well look like?

Why do you think it is important to anchor what we learn in the action of loving others well?

What scares you about the end times? What confuses you about the end times? Do you even care? Why do you think it is important to have a general understanding of the end times? If you could ask God one question about the end times to gain clarity what question would you ask him?

Pastor Jason said understanding the end times was not nearly as important as knowing Jesus, why do you think that is?
