

UNCIVILIZED | WEEK 7

Title: Galatians 6

Date: February 27, 2022

Verses: Galatians 6

SERIES INSIGHT

To one degree or another, we all know the hopelessness of feeling like there's no escape. Sometimes we feel that way in our Christian walk. Jesus calls us to live a free life, but we often lose sight of what that means.

Uncivilized is a dive into Galatians and what it means for us to live free in Christ.

ICEBREAKER

- What's the best piece of advice you've ever been given?
- If you had to delete all but 3 apps from your smartphone, which ones would you keep?

DISCUSSION QUESTIONS

1. **Review the Message.** Looking back at your notes and upon reflecting on this weekend's message, what was your one takeaway from Sunday?
2. Read Galatians 6:1-2. What are some of the "responsibilities" Paul describes here? (**Example:** restoring those caught in sin, carrying each other's burdens, testing our actions, persevering in faith, etc.)
3. What are some of the obstacles that might stand in the way of "gently" restoring someone caught in sin? (anger, frustration, woundedness, etc.)
4. What command does Paul give in verse 2? What does it teach us about the Christian life? (**Big Idea:** we all carry a burden and there will be times when we cannot carry it alone.)
5. What things discourage you from committing to good works?
6. Verse 15 tells us that "the new creation" is what matters for a life with Christ, not circumcision or uncircumcision. What is implied by the phrase "new creation"? (**Example:** What matters begins on the inside, not the outside. It starts with a new nature driven by the Holy Spirit who lives within believers.)
7. As we close this Uncivilized series in Galatians, share what have been your own personal learnings, responses, and calls to action throughout the series? In what ways has your life been impacted as a result?

PRAYER

- Allow people to share requests and celebrate any praise reports. Consider having someone write down the requests to share with the group. Take time to pray however long your group needs.
