Resources

- There are 8 resources that your children need from you to become successful independent adults.

Resources Verses

- **Pro 22:6** Train up your child in the way he should go and when he is old he will not depart from it.
- **Prov 4:3-5** When I was a son to my father, tender and the only son in the sight of my mother, ten he taught me and said to me, Let your heart hold fast my words; Keep my commandments and life; Acquire Wisdom! Acquire understanding! Do not forget
- **Eph 6:4** Fathers, do not provoke your children to anger, but bring them up in the nurture and admonition of the Lord.
- **1 Tim 5:8** But if anyone does not provide for his own, and especially for those of his own household, he has denied the faith and is worse than an unbeliever
- **1 Tim 1:5**
 - The goal of our instruction is love from a good heart, a good conscience and a sincere faith
- **Pro 3:1-6** My son do not forget my teaching, but let your heart keep my commandments; for length of days and years of life and peace they will add to you. Do not let kindness and truth leave you; Bind them around your neck, Write them on the tablet of your heart. So you will find favor and good repute in the sight of God and man. Trust in the Lord with all your heart and do not lean on your own understanding. In all your ways acknowledge Him and He will make your paths straight. Do not be wise in your own eyes; Fear the Lord and turn away from evil.
- **Pro 8:12-14** “I, wisdom, dwell with prudence, And I find knowledge and discretion. “The fear of the Lord is to hate evil; Pride and arrogance and the evil way And the perverted mouth, I hate. “Counsel is mine and sound wisdom; I am understanding,

Finding God's S.H.A.P.E. for your child

(Where do I fit? What is my success? How am I to make a difference?)

Psa 139:13; Pro 8:12-14; Pro 22:6

God has a SHAPE for every person

- Pro 22:6 Train up a child in the way he should go and when he is old he will not depart from it
- Psalms 139:13-14 For you created my inmost being; you knit me together in my mother's womb. I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well.
- Pro 8:12 I, wisdom, dwell with prudence, I find knowledge and discretion.

What is my SHAPE

- “The brain is an odd organ in that it seems to grow backwards... Your liver, your kidneys, and thankfully your skin all start small and become gradually larger until they reach the appropriate adult size. With your brain, the opposite happens. Your brain gets very big very quickly and then shrinks and shrinks into adulthood.”

What is my SHAPE

- “Sixty days before you were born your neurons start trying to communicate with one another. Each neuron reaches out – literally “reaches out” a strand called an axon – and attempts to make a connection... In fact by the age of three each of your hundred billion neurons has formed fifteen thousand synaptic connections for each of your hundred billion neurons.”
- “But then something strange happens.”

What is my SHAPE

- “Between the ages of three and fifteen you lose billions and billions of these carefully forged synaptic connections. By the time you wake up on your sixteenth birthday half of your network is gone. Nature forces you to shut down billions of connections precisely so that you can be freed up to exploit the ones remaining.” “To make sense of your world you will have to shut out some of this noise in your head.”

What is my SHAPE

- “Your genetic inheritance and early childhood experiences assist you in finding some connections... easier to use than others – ie. the competitive connection (mirror neurons & swimming)... You are drawn to these connections time and time again until they become tighter and tighter. To use an internet analogy, they are your superfast T1 lines (5G). Here the signals are loud and strong.”

What is my SHAPE

- “Meanwhile, ignored and unused, other connections in parts of your network wither away. No signal at all can be heard... you may lose your center of attention connection. ...your brain freezes when you feel the eyes of the audience on you. Or perhaps you have no connection for empathy. Rationally, you understand empathy is important, but moment by moment you just can’t seem to pick up the signals that other people are sending.”

What is my SHAPE

- “If nature did not whittle down your network to a smaller number of strongly forged connections, you would never become an adult. You would remain a permanent child, frozen in sensory overload.
- Many of us may find it hard to convince ourselves of our enduring uniqueness. Our talents come so easily... Doesn't everyone see the world as I do? Doesn't everyone feel a sense of impatience to get this project started.”

- There are half a million careers in the world.
- How do you find yours?
- “Just like scientists use data to make predictions, aptitude testing can help you predict the types of careers you’ll thrive in. Our work is rooted in the scientific study of human abilities and the mission of our founder, Johnson O’Connor, who believed that everyone has natural talents that should be nurtured and used. For over 80 years, we’ve helped hundreds of thousands of people understand their innate potential and choose careers that fit how their minds like to work, naturally.”

- “Aptitudes are natural talents for doing certain kinds of things quickly and easily. We measure 19 different aptitudes ranging from reasoning abilities to musical talents to workplace personality. These abilities aren’t related to what you’ve learned in school or your interests, which can change over time. Aptitudes are talents you’re born with, so you can use your test results to make decisions throughout your career.”
