The Names Of God - Part 3

What's In A Name? | Exodus 15:22-26

INTRODUCTION	NOTES
In today's message, we are going to continue our discussion on the names of God and learn more about the character of the God we serve the names He is given in Scripture. Let's dive in.	
KEY POINTS	
Our God is in the healing business. Our God still heals! Some people say, "He healed a long time ago, but now we have modern medicine, and that's how God heals." Do you realize that the body heals about 90 percent of itself? God designed our bodies with that capability. And on top of that, we need to realize that God uses modern medicine. Medications can salvage your life and help you. He is the God who heals, and He can use so many different methods to bring healing to your life.
