

REVELATION: THE FINAL ANSWER

REVELATION

The Final Answer - Armageddon - The Showdown

Part 2 | *Revelation 19:11-21*

INTRODUCTION **NOTES** Today's key passage speaks of the battle of Armageddon. Taking a step back, John sees it all happening before him. These are the verses he uses to describe where the forces of the Antichrist and the False Prophet bring the entire world together in battle. They meet Jesus, the King of Kings and Lord of Lords who is coming to take back His throne. We're going to continue studying what Scripture has to say about this battle in today's message. We'll review what we talked about last week, and we'll cover some new topics as well. **KEY POINTS** 1. The Battle Lines Are Forming There has never been such a divergence in moral values as now. These are not just American moral values; these are also global moral values. Our globe has been so infected by the culture, psychology, and sociology of a falling condition that we are watching the battle lines clearly forming between what is right and what is clearly wrong. The values and morals that the Scriptures speak of are eternal. They are not up for redefinition in our day. We must realize what we are doing as a country and globally is declaring on which side you stand. The Bible tells us that this is a battle for right and wrong. That's where we are as a country today; we are in a battle for what is right and what is wrong. 2. The Lord Is Coming With His Armies - The Lord's appearance described - The Lord's armies described - The Lord's weapon for war - The Lord's plan is declared - The Lord's name is made public 3. An Invitation To War - An invitation to war answered The war ends - A decision to be made • Take a step to be all in • Take a step of repentance • Take a step of obedience • Take a step of discipleship and commitment • Take a step of abiding

QUESTIONS TO CONSIDER

- 1. What did you learn about the end times from today's message that you didn't already know?
- 2. How does knowing that you are on the winning side of eternity change the way you live your life now on earth?

3.	Have you ever found yourself being more of a bystander in your faith than an active member of the body of Christ? If that's where you are right now, what can you change about the way you live your life to be a more active follower of Jesus?
