What We Believe - Part 1

What We Believe | Matthew 7:15-16

INTRODUCTION NOTES If you're going to live a life committed to Jesus, you need to know what you believe. While there is such a thing as blind faith, there is no such thing as blind belief. It is absolutely vital that you know what Scripture says and what Jesus teaches so that you can have a strongly rooted belief in your relationship with the Lord. **KEY POINTS** 1. We believe in the authority, inspiration, and sufficiency of the Word of God. Everywhere the Bible speaks, it is correct. And where it doesn't speak, we need to stay out of there and not create our own dogmas and doctrines based upon what the Word of God does not say. But where it does speak, you and I need to align our lives with it. Everything that we believe should be aligned with the Word of God.
