## **INTRO BY WALTER STARCKE & CHAPTER 1 THE TWO KEYS**

**Introduction Setting the Stage**  
**Discussion of Astrological Cycles**  
**Cultures who prophesized about different “Ages”**

## • **ASTROLOGICAL PRECESSION**

**Our earth moves through space in a variety of ways, in addition to the Earth orbiting the Sun (Orbiting gives us our yearly cycle.), Earth's axis tips around in a circle, very much like a child's top as it also spins. (Spinning gives us our daily cycle.) The Earth's tipping motion is called precession. Our planet's axis takes over 25,000 years to make a full circle. (Precession gives us our cycle of "Ages.")**

# ZODIACAL MONTHLY CYCLES & CYCLES OF APPROXIMATELY 2000 YEARS OR AGES

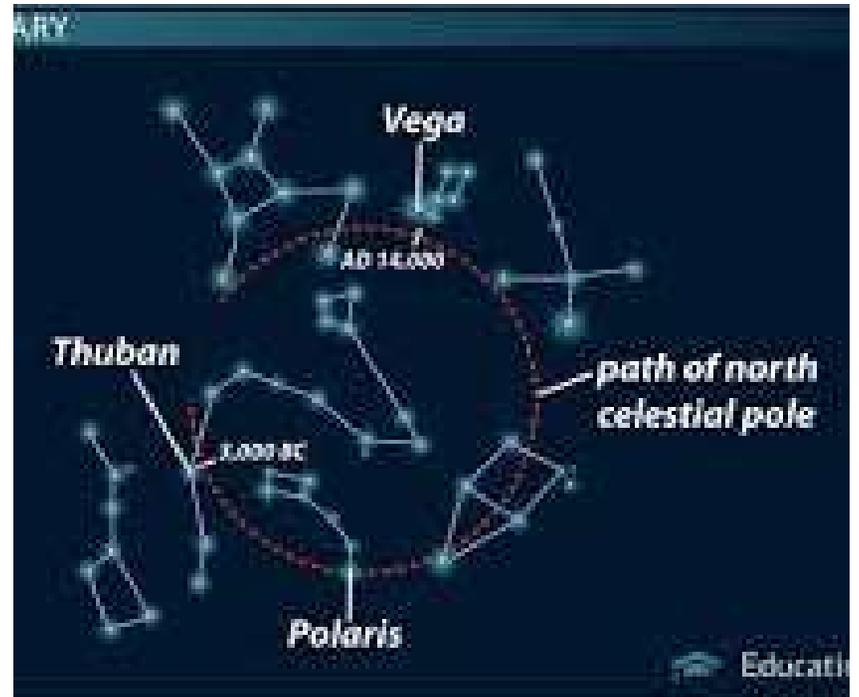

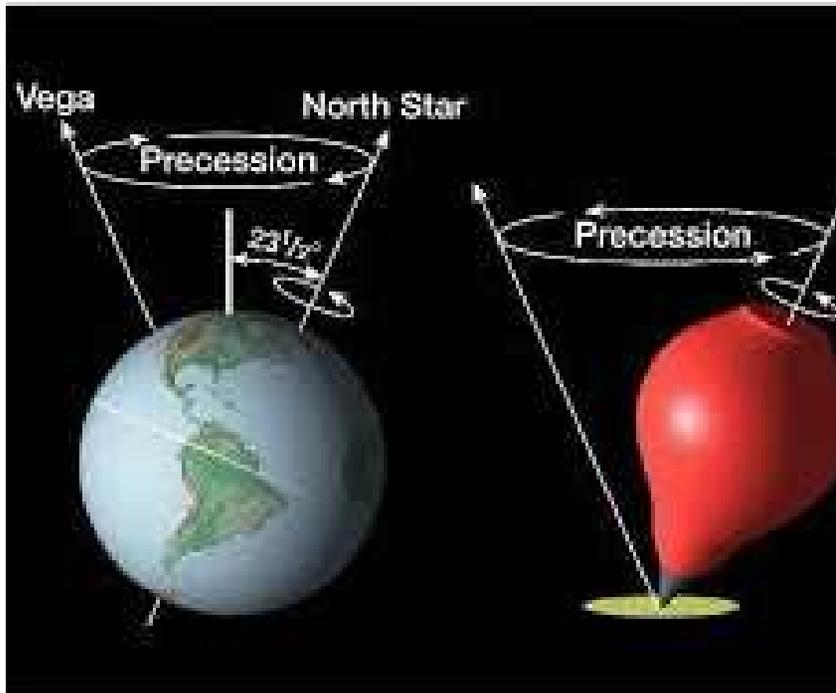

- As a result of precession, the Earth's axis will point in a different direction as time goes on. The band of constellations that the Sun appears to move through over 12 months is called the zodiac. If the full circle of precession takes roughly 25,000 years and the zodiac is divided into 12 signs, it follows that precession tips the Sun over by one sign every 2,000 years. Thus the age that Christ was born into used the symbol of the fish to represent Pisces and approximately 2,000 years later, in the 21<sup>st</sup> century, we move into the Age of Aquarius.

# INNER AWAKENING TO DIFFERENT DIMENSIONS UNITY, LOVE, AND CO-CREATION

While Walter Starcke says the shift to a different age is a long process, he says we have choices to make and actions to take as we make the shift.

He says his “Star Keys” will give us guideposts as we journey through Consciousness. He says we should trust the Process and use the Truths of the Universe to help us make the necessary shift in Consciousness.

## The Shift to 5D Consciousness

This is a powerful exploration of humanity's ascension into 5D consciousness—a journey beyond fear, illusion, and separation into unity, love, and co-creation. Discover how the New Earth is not a future vision, but a present reality shaped by inner awakening.

## NEW THOUGHT PERSPECTIVE

Subject and object are not separate – so-called objective reality is projected by our subjective Consciousness.

# JOHN DEWEY---FOCUSED ON EXPERIENCE

Experience, in short, is not a combination of mind and world, subject and object, method and subject matter, but is a single continuous interaction of a great diversity (literally countless in number) of energies.

— John Dewey —

**ACCORDING TO STARCKE  
WE ARE THE SUBJECT. GOD IS  
NOT THE OBJECT.**

Subject	Object
<p>The person or thing that is doing the action.</p>	<p>The person or thing that is receiving the action.</p>
<p>The <u>cow</u> eats <u>grass</u>.</p> 	<p><u>Tina</u> plays the <u>piano</u>.</p> 

# THE SUBJECTIVE NATURE OF HUMAN CONSCIOUSNESS IS CAUSE

Starcke said in order to save the Earth and all who live here, we must make a shift in consciousness to tip from disharmony to harmony. And to do this we must become consciously aware of the 2 Underlying Truths of the Universe & use them to help us make this shift in consciousness.

This starts with our realization that human consciousness has as its true subjective nature---Cause.

**There is one Infinite Source of all in all. When this becomes our predominant consciousness, it unlocks the flow of unlimited possibilities. This allows our subjective awareness to melt the objective illusions of ethnicity, nationality, & all fear-based thoughts that divide & pit man against man & humanity against nature.**

# THINKING OF GOD BEYOND THE OBJECTIVE

As we let go of the Concept of God that is less than all we reach a subjective state of being that allows the infinite Creative Source of All to flow freely, impersonally, in natural order. **This is the 1<sup>st</sup> Key.**

**This is  
Kingdom Consciousness.**

We then experience God beyond the objective. We experience God as Omnipotence, Omnipresence, and Omniscience.

**The 2<sup>nd</sup> Key becomes:**

**We are the Presence of  
Infinite Source personified.**

God is not separate from Its creations. As long as God is considered to be other than our own individual consciousness our entire belief system is false.

Any thought of God as other than that which is inherent in our individual makeup is a lie.

# THE TWO STAR KEYS

## 1<sup>st</sup> Star Key

This is the realization that it's all God---to know God as unlimited, all-inclusive subjective Source, the One Power and One Cause.

Seek ye first the Kingdom of God----

**Kingdom Consciousness**

## 2<sup>nd</sup> Star Key

This is the self-realization of the Presence of God as individual expression.

Kingdom Consciousness must also contain this 2<sup>nd</sup> Key personalized.

We are the Presence of Infinite Source. (The Presence of God watches over us, but wait that is seeing God as objective. We are the Presence of God. That perceives God as Subjective.

# WHEN THE WORD IS MADE FLESH, THE FLESH REFLECTS PERFECTION OF CONSCIOUSNESS

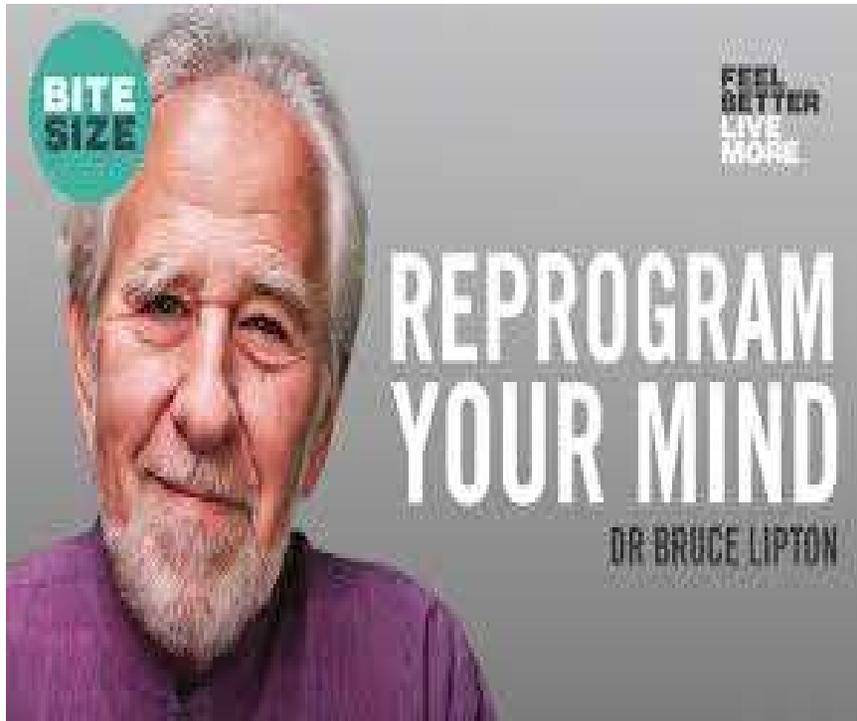

Then we move into Kingdom Consciousness.

Neither of the 2 Keys are complete in themselves. We must add the complement of Love to both.

There are two stumbling blocks on the path toward this awareness. They reflect the double nature of the Keys.

We must move past our preconceived judgments and beliefs about your concept of God and the misconception of your own individual being. We must “unknow” and know anew.

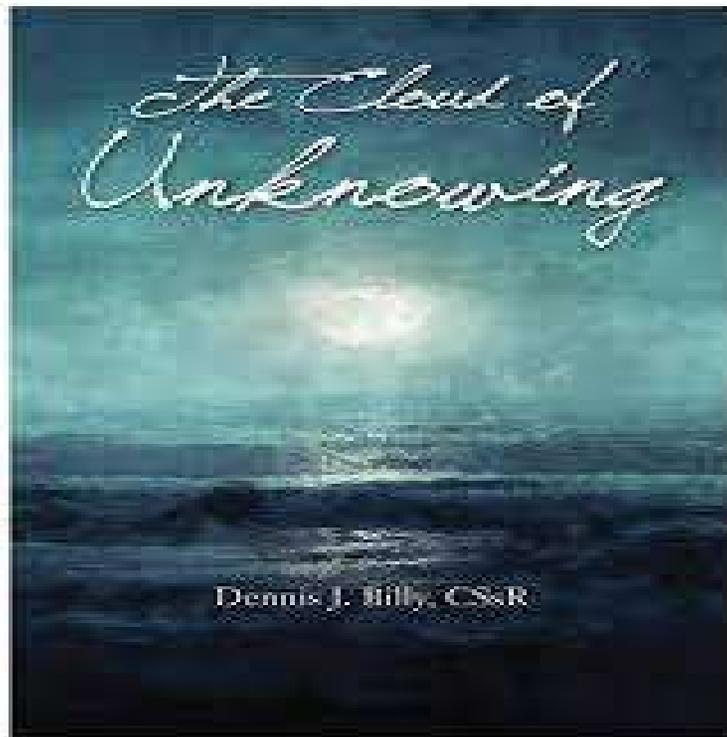

TO BE FULLY CONSCIOUS YOU HAVE TO BE + •  
SIMULTANEOUSLY AWARE OF OBJECTIVE PHYSICAL ○  
APPEARANCES AND AWARE OF A SUBJECTIVE MYSTICAL  
EXPERIENCE OF BEING DIVINE.

**The Center of Self-Awareness is our conscious mind but that only controls about 5 % of our lives.**

**But our lives are actually controlled by our perceptions which are the beliefs we hold locked in our sub-conscious mind. The subconscious mind is the most powerful information processor known.**

# PARADOX & CONFUSION ARE THE TWO FIERCE GUARDIANS AT THE GATEWAY TO THE TRUTH OF WHO YOU ARE

To have the experience of passing through the cloud of unknowing, we must create a space that is an open pathway for our super conscious Mind to over-ride limitations with the creative energies of unconditioned thought that flow directly from the Mind of Divine Source. (This can override conscious mind. This is the space where inspiration flows directly from Infinite Source into our individual awareness.) **We literally change our minds.**

# TWO APPROACHES: THE SUBJECTIVE OR THE OBJECTIVE

+

•

○

**You can live from the objective, material world of appearances or subjectively, in terms of its invisible values and purposes.**

**Ultimately, we must shift our priorities from the objective to the subjective. It is only on this subjective level of Cause that we can change the world.**

**We can use the 1<sup>st</sup> Star Key to turn subjectively to the realization that God is All. It is the Key that unlocks Infinite Source to flow into all situations to restore harmony.**

**And the 2<sup>nd</sup> Star Key heals the false concept of separation from our neighbor. As we hold the Second Key, we know there is no separate neighbor because we are All One with the Infinite Source.**

**GOD, OR ALL THAT IS, IS  
INFINITE MIND  
(CONSCIOUSNESS) & ITS  
INFINITE MANIFESTATION.**

***BEYOND  
THE PHYSICAL***

**OUR FOUNDATION FOR THE WHOLE  
METAPHYSICAL MOVEMENT IS BASED ON A  
SUBJECTIVE EXPERIENCE OF LIFE THAT, IN  
TURN, WOULD MANIFEST OBJECTIVELY AS A  
MORE HEALTHY & HARMONIOUS WAY OF  
LIVING.**

# THE MIND IS A TOOL

**"YOUR MIND IS THE MOST  
POWERFUL TOOL YOU  
POSSESS; USE IT TO  
CREATE YOUR REALITY"**

**Starcke says:**

- **Thinking is quantitative-it defines the shape & size of what it reflects upon.**
- **Perception is qualitative, which is to say that the situations resulting from our perceptions reflect the values inherent in our consciousness.**

# MEDITATION IS THE MOMENT WHEN YOU MAKE SPACE FOR LETTING ALL YOUR SUMMATIONS CRYSTALLIZE & INTUITION ARISE

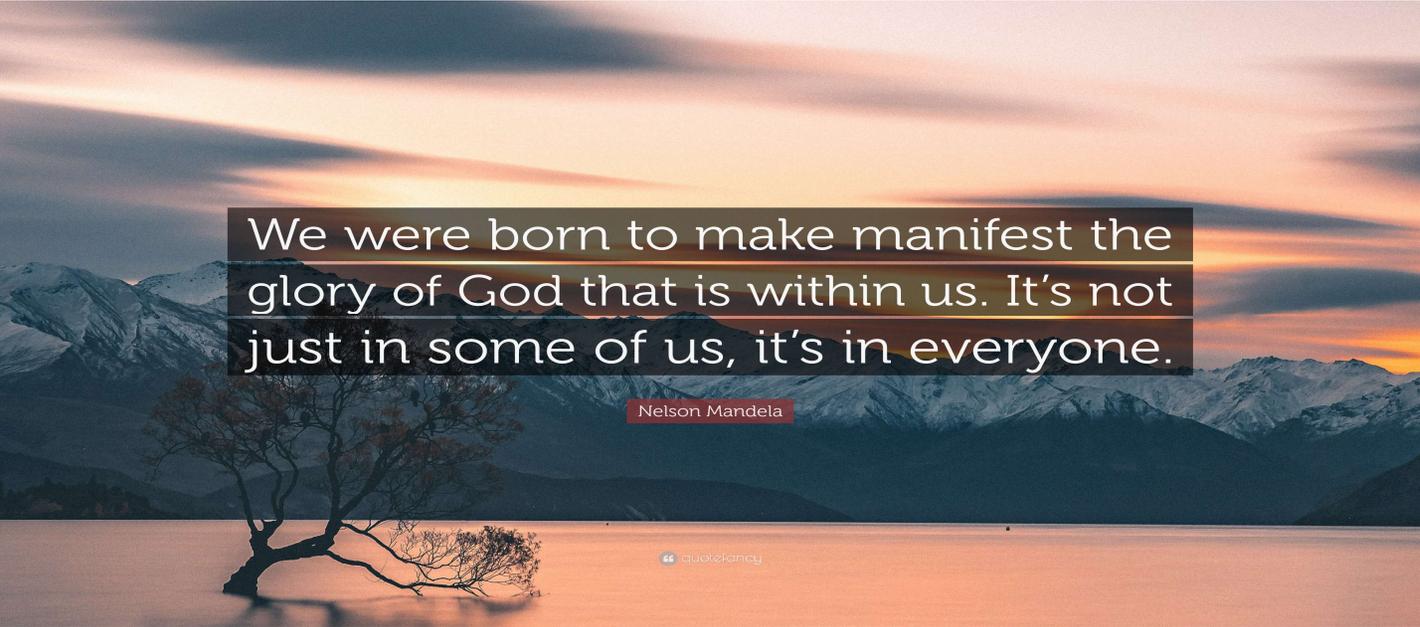

True inspiration is received from Infinite Mind. This inspiration flows when we are open to the space of not-knowing that allows for possibilities of creation to become concepts that are formed in the mind. Let Go of Preconceived beliefs, judgments & conditioned concepts to create space of open receptivity.

Use mind to accumulate facts, but then intuit your actions no matter how simple or how complicated are your goals.

Facts are objective, but intuition or inner knowing, is subjective.

**WHO AND WHAT ARE WE?  
WHAT IS GOD?  
WHAT IS OUR RELATIONSHIP  
WITH GOD?  
WHAT IS OUR PURPOSE?**

**Can we truly transform. We have been taught falsely. We have false or error thinking. Can we think anew.**

We were born to make manifest the glory of God that is within us. It's not just in some of us, it's in everyone.

# **IF I BE LIFTED UP SPIRITUAL GLOBALIZATION**

**Jesus lifted up his consciousness and saw his oneness with all else; and because he is One with All, all will then be lifted up into this awareness.**

- **Richard Rohr said of Jesus:**
- **To understand Jesus in a whole new way, you must first know that Christ is not his last name, but the pre-existent Christ Consciousness that existed from all eternity (Colossians 1:15-20\_ and his omnipresent identity after the Resurrection-which now includes humanity and all of creation along with it (Ephesians 1:9-11). Jesus became the Christ (Acts 2:36), by his own process of transformation, and now wonderfully includes us in this sweeping, historical, and victorious identity!**

# IF I BE LIFTED UP ( METAPHYSICAL)

For the first time in decades, collective focus is turning inward.

- awareness over distraction
- intuition over noise
- subconscious over survival

This is the inner ignition point.

If any one be lifted up, it lifts the One. The collective is transformed by each transformation of individual consciousness.

If we are to make a positive difference in the world, we do it by lifting our Consciousness. Then everything we do makes a positive difference.

# **THE CREATOR YOU**

**HUMANS ARE NOT JUST PHYSICAL BEINGS BUT CREATIVITY ITSELF.**

**The inner experience cannot be activated by mental effort, so the best we can do is read the words and allow the possibility of an opening in consciousness to what is unknown.**

- **Modern Science has opened up previously unrecognized possibilities.**

**From the book “The Implicate Order” by David Bohm**

**“I would say that in my scientific and philosophical work, my main concern has been with understanding the nature of reality in general and of consciousness in particular as a coherent whole, which is never static or complete, but which is an unending process of movement and unfoldment.”**

# **HOMEWORK**---WE BEGIN NEXT WEEK WITH ANSWERING THESE QUESTIONS.

1. **What is Precession? How does Precession influence the transformation of Consciousness?**
2. **How does Precession change astrology?**
3. **What are the 2 Star Keys?**
4. **Explain the significance of Starcke's concept why we must shift from objective to subjective if we are going to change the world.**
5. **Starcke said the Star Keys are not complete without their complement. What is their complement?**
6. **Can our thinking create the shift in consciousness?**
7. **Where should our work be?**
8. **What is necessary to create the space so that we are aligned with Infinite Mind?**
9. **What are the paradoxes to the Truth of Who You Are?**
10. **How do we step into the role of Conscious Creator?**
11. **If the mind is a tool, what is necessary for it to be a tool for a "New Age?"**
12. **What did Starcke think the true meaning of the scripture "If I be lifted up,..." mean?**
