

Disciple's Quest

*If you continue in My word, then you are
truly disciples of Mine.*

2 Samuel 6

Real Worship

Main Idea:

Not long after David was made king over all Israel he took action to bring the Ark of the Covenant to its proper place – in the sanctuary in a centralized location (Jerusalem) accessible to Israel's priests and people. This important action would restore the ability of the nation to worship Yahweh according to His design. After a hasty and ill-conceived first attempt which resulted in God's judgment, the Ark was successfully brought to Jerusalem with David leading the way joyfully dancing before Yahweh with all his might.

From the occasion, four lessons about real worship come to light.

Outline:

1. Real worship demands that we rightly revere God as holy.
2. Real worship is always preceded by obedience.
3. Real worship is received by God who fills the hearts of His worshipers with joy.
4. Real worship is sometimes met with the disapproval of others.

Questions for further contemplation and application after the message:

- #1 How would you define/describe worship?

- #2 Now, read Romans 12:1 – 2. How might you amend/revise your initial answer?

- #3 Why is it virtually impossible to say what true worship “looks” or sounds like?

- #4 Why is it impossible to worship God apart from being obedient to His Word?

- #5 Practically speaking, how can we demonstrate our reverence for God in daily life?

- #6 How can we best teach our children about worship?
