DISCIPLE'S QUEST

If you continue in My word, then you are truly disciples of Mine.

John 8:31

September 25, 2022 Angels – Part 2 Selected Scriptures

Main Idea:

The naturalistic worldview that is so prevalent in our culture collides squarely with the Bible, seeking to subtract the supernatural from its pages. Faithful Christians, however, must embrace all of God's Word and refuse to make any concessions that treat any part of the Bible as folklore or myth. This is applicable to angels, who are found repeatedly in the Scriptures. Angels are real, and our Lord desires that we learn about them.

Outline:

Introduction: The danger of naturalism

Three common questions about angels:

- 1) What kind of beings are angels?
- 2) How many angels are there?
- 3) What do angels look like?

Questions for further contemplation and application after the message:

#1	Why do you think that even the unbelieving can become obsessed with angels? What's wrong with the common depictions of angels in popular entertainment?
#2	Is the Bible really the only reliable source from which we can learn about angels? Why?
#3	How would you explain the danger of a naturalistic worldview to a new Christian?
#4	The Bible is clear that angels are created beings (Ps. 148:2, 5; Col 1:16, etc.) According to the message, what is the applicational significance of this fact?
#5	In the message, Pastor Vaughn said that angels are more like human beings than they are like God. Why is this so?
