The Great Commission

- 1) Who is baptism for?
- 2) What is baptism's meaning?

Questions for further contemplation and application after the message:

#1 Is baptism a primary or secondary cause of salvation?

#2 What must a person do to be saved?

#3 What does baptism have to do with disciple making?

#4 According to the message, in biblically administered believer's baptism, what is the main meaning of the imagery when the person being baptized is immersed, and then raised from the water?

#5 Who should be baptized? Be as specific as possible.
