

How Politics & the Pandemic are Undermining the church

Politics & the Pandemic are...

1. Alienating and isolating the BODY of Christ
2. Redirecting our passion for Christ to anger and division
3. Destroying our witness to those who need a saving relationship with Christ

What Politics & the Pandemic Cannot do to the Church

Remember. . .

1. God's not dead and neither is the church. We will come together
2. God will turn the hearts of His people back to Him
3. God will make our witness stronger through persecution
