

# Moral Failure of America

Galatians 4:4-6/ Romans 6:16-18

One of the contributing factors to our moral failure is the lack of understanding our relationship with our Father God and our responsibility to our Father God.

## 1. Our Relationship with God is described as Father & Son

- It is a love relationship that produces inward transformation of the heart  
NOT outward obedience to rules
- It is a love relationship that leads us to follow God our Father in obedience to His will and a desire to accomplish His Work.

## 2. Our Responsibility to God is described as Master & Slave

- It denotes God's ownership of our lives as Christ followers
- It defines the boundaries God has set for our lives as Christ followers
- It describes our attitude of surrender and submission to God as Lord

### **BOTTOM LINE**

As a Christ follower, you will serve God as Father because you love Him, and you will submit to God as Lord because you have a genuine desire to serve Him. You should never serve God because you have to, you should serve Him because you want to.
