In order for the Holy Spirit to work effectively in the church, the church must be right with God, be connected to the power source – the Holy Spirit, and seek the Holy Spirit's presence and power to work in the church to bring glory to God.

How the Holy Spirit Works in the Body of Christ, the Church

1. The Holy Spirit is the church's power source
 - Empowers the church to be witnesses
 - Produces spiritual transformation
 - Performs wonders and signs in the body of Christ, the Church
2. The Holy Spirit drives the church's mission, Acts 4:29-31, 33
 - Power to boldly share the Gospel
 - Power to convict and convert those who don't know Christ personally
3. The Holy Spirit unifies the church body, Acts 4:32, 34-37
 - Empowers Christ followers to show His love
 - Challenges Christ followers to give sacrificially
4. The Holy Spirit produces life in the church, the body of Christ, Acts 5:12-16
 - The Holy Spirit draws people to the body
 - The Holy Spirit delivers people from bondage

How is the HOLY SPIRIT working in you right now?
