Definition of Prayer: Prayer seeks to develop a life changing relationship with God that leads to a transformed life.

God's Place in Prayer

Why must Christ be preeminent?

1. We are created by God to have a relationship with Him
2. Christ is the head of the church to reconcile us to God
3. Christ redeemed us to be holy and blameless

What place does God have in your prayer life?

1. Someone you call on when you have a problem or crisis?
2. Someone you talk to only when you need Him?
3. Someone you seek daily to grow you spiritually and to use you to glorify Him
