

**And blessed is she that believed: for  
there shall be a performance of  
those things which were told her  
from the Lord.**

**Luke 1:45**

**I'M A**

**BELIEVER**

---

# Exegesis & Eisegesis

# Exegesis:

...the interpretation or explanation of a text based on a careful, objective analysis. It literally means “to lead out of.” Using this approach... the interpreter is led to his/her conclusions by following the text.

# Eisegesis:

...is the interpretation or explanation of a text based on a subjective, non-analytical reading. The word eisegesis literally means "to lead into." Using this approach... the interpreter is led to the text by following his/her conclusions.

**In order to properly “exegete” a scripture... you can’t just read the text... but you must also read the post-text (what happened after) and pretext (what happened before) in order to gain context (what really happened).**

I'M A  
BELIEVER
