

## **Day 15: Christ Came For Everyone**

***John 3:17 “For God did not send his Son into the world to condemn the world, but to save the world through him.”***

**God sent Jesus to Bethlehem to be born for the salvation of the human race. God’s love is proven by Jesus being sent for people. Jesus came to seek out and save people. All people. Not specific race or nationality. Not specific ages. Jesus came for everyone.**

**Jesus is the people’s Savior. He came to give light, hope, love and peace to anyone who may believe. This means that every living human being has value. Jesus certainly knows the value and worth of every person.**

**We get caught up on status and importance and influence. Jesus never did. He dialogued with the spiritual elite. He sat with the social pariahs. He touched lepers. He conversed with racial half-breeds that the rest of the Jews would not associate with on anything.**

**Jesus wasn’t concerned with anyone’s voting record, bank account, IQ or any other earthly measurable that people tend to focus on. He came for everyone.**

**This Christmas, let’s try to learn a little from our Lord and Savior and see the inherent value and worth within each person.**
