

# Prayer Requests

- **Laura Carr - As of Friday, March 6 - Laura is home!! In a wonderful turn of events, her main line and all of her drains have been removed. She will be home with a midline IV, as she still requires seven days of IV antibiotics, which Michael will be administering at home. While she is still dealing with a lingering cough, even that is showing signs of improvement, and she is truly getting stronger with each passing day. We know that the journey toward full health is still ahead of her, but we are confident that she is finally on the right track. The Carr family wants to extend a deep, heartfelt thank you to everyone for the prayers.**
