Spring Spruce-Up: Upcoming Church Improvements

We have wonderful news to share regarding our upcoming building renovations! Thanks to a very generous donation, we are now able to professionally strip and refinish our baseboards alongside the installation of our new

carpet in the hallways and some classrooms. Because of this gift, the previously scheduled general maintenance work days are no longer necessary. We are incredibly grateful for this contribution, which allows us to complete these specific updates with ease and excellence.

We still have general maintenance tasks and help with our Library Remodel Work Day. We invite you to join us as we focus our energy on updating the shelving and refreshing the library space to better serve our congregation. This work day will be held on Saturday, May 9th from 8 am to noon. Thank you for your continued support and prayers as we work together to enhance our church home!
