

# Prayer Requests

- **Laura Carr - As of April 1st - We are so grateful to share that yesterday was a long but very encouraging day for Laura. In a major answer to prayer, the leaking from her intestines has stopped completely, and her mind is clear—the confusion and hallucinations she was experiencing are gone. She was bright and awake for nearly the entire day, which is a wonderful sign of her returning strength. The only difficult hurdle right now is that she has been without food or drink for seven days to allow her system to heal. While she feels quite hungry, she is receiving all her necessary nutrients through her IV.**
- Rita Kirkpatrick, Larissa's grandma - As of March 23rd - Rita has fractured the top of her tibia and has been transferred to a rehab facility for physical therapy. She is starting to get her strength back but there have been more apparent signs and symptoms of Alzheimer's which have added some challenges.
  - As of March 17 - Rita fell yesterday evening and was taken to the ER. It looks like she has reinjured a previous fall injury in her ankle.
- Journey to the Cross Event - We are asking for prayer for our upcoming Journey to the Cross event.
  - For our volunteers as they prepare to share the gospel with those who come through the doors
  - That our participants would have open hearts and minds as they hear the good news of Jesus Christ.
  - For good weather for our outdoor activities to go along with the Journey to the Cross experience
  - That we are able to make connections with families and invite them to church
- Vickie Lucas, Dawn Katzer's Mom - As Vickie's health declines, she is moving into hospice care to ensure she is as comfortable as possible. They anticipate a journey of several months ahead. Please pray for Dawn's strength and for Vickie's medical team as they coordinate the best plan for her comfort and care.
- Will McKinney (Ron & Gail Watson's son's father-in-law) - Will had been having problems with kidney stones and had gone to the hospital but while he was in the hospital he had a stroke

- Tracy Miles Niece - Update as of Sept. 29th - Delilah went to the doctor today and she has CML. It is a milder form of leukemia and she can be treated with medicine by the Drs in Jonesboro. Darcy (Tracy's sister) said thank you for the continued prayers.
  - Delilah Thomas is being tested for leukemia. She goes to the doctors on Sept. 29th for results and treatment options. She will most likely be sent to Little Rock, Arkansas for treatment.
