

Prayer Requests

- Jassi Smith - Please pray for Jassi after a fall on Friday left her with a broken tibia. She's currently in a fracture boot and using crutches. She's being such a trooper, but the current pain relief isn't quite cutting it, and being stuck at home with limited mobility has been tough. Please pray for better pain control, fast healing, and patience while she recovers before her next doctor's visit on August 18th.
- Jim Seagraves & Family - Please keep Jim and his family in your prayers. Jim lost another sister this morning—his second sister to pass away in just one month. Please pray for God's peace, comfort, and strength to carry them through this time of loss.
- Vickie Lucas, Dawn Katzer's Mom - Please continue to keep Vickie and Dawn in your prayers. Vickie is recovering, and Dawn has been actively working to figure out the best long-term care setup to keep her safe and supported as she heals. Please pray for wisdom and clarity in these decisions, continuous healing for Vickie, and strength for Dawn during this transition.
- Mary Jo Bobinmyer - Mary Jo will be having eye surgery this Wednesday, August 5th.
- Lucille Shay's family - Please keep the family of Lucille in your prayers as they mourn her recent passing. Please pray for comfort, peace, and strength for her loved ones as they navigate the days ahead and handle all the details of settling her affairs. Thank you for surrounding this family with your prayers and support.
- Parker & Taylor Hall - Please pray for Brad and Cindy's son Parker and his wife Taylor expecting their first baby September 28. The baby girl, Laina Mae, has fluid on her brain. At 20 weeks, they were watching it and hoping it would resolve on its own, but at 24 weeks it is 15% worse and they are very concerned. The doctor will be watching closely every month now, and if it continues, she may have to go to a special hospital in Kansas City to be induced so they can do emergency surgery when the baby is born, to put a shunt in her brain. There is so much that is unknown at this time, but they really appreciate your prayers for a healthy baby, and that this condition will resolve on its own.

- Brad Hall - Please pray for Brad Hall, he is waiting on an MRI to evaluate his knee that he injured, possibly an ACL, LCL, meniscus tear. His pain is better but he may have to wait until mid July to get an appointment, so pray he can get in soon and that it will begin healing without surgery.
- Jim Harrison - (Larissa's grandad) - Please pray for Jim as he navigates some health challenges. He has COPD and his condition continues to worsen. He is experiencing more lung pain and difficulties breathing. Please also pray for salvation and witnessing opportunities for Preston and family to have with him.
