ABIDE: Sharing the Good News

Scripture: 1st John 4:7-21

African Vision of Hope is a Christian organization committed to bringing immediate and lasting solutions to children and families living in extreme poverty. We confront the root causes of poverty by providing opportunities to be educated, grow up healthy, develop leadership and economic skills and learn about God's love.

African Vision of Hope takes several mission trips a year to minister to the families and communities that we serve. On our annual mission trips we travel throughout Zambia and provide help through medical care, vacation bible schools, skills training, leadership development, youth programs, HIV/AIDS education, construction and lots of hugs and kisses. We promise you, this is one of the most rewarding experiences anyone could ever have.

It's incredibly hard to explain how working in Zambia affects a person. All it takes is a willingness to serve as He calls us to in His word. A willingness to be changed; a willingness to love. If you allow yourself to be used, either here or abroad, you will never be the same.
