## Message Notes

### **God's Economy – Money**

John 12:1-8

**Economy** – the management of resources of a community.

*No one can serve two masters. For you will hate one and love the other, or be devoted to one and despise the other. You cannot serve both God and money. (Luke 16:13)*

#### **Money in the Bible:**

1. Money as a **GOD**
2. Money/Wealth as an indicator of **INJUSTICE**
3. Money as a sign of **BLESSING**
4. Money as an **OPPORTUNITY** to serve

Best money practice in God's Kingdom: **Extravagant Generosity**  
(Galatians 5:22-23; John 12:1-8)
