

Walk With the Word

# Mark 5

5:1-20 –Healing the Gerasene demoniac.

The demoniac's behavior was out of control.

The demons acknowledge that Jesus is *Son of the Most High God.*

Note: there was not just one unclean spirit, but *many.*

On imploring Jesus to leave the region, the people cared more about their livelihood than *the man set free.*

5:21-24 – Jesus leaves to heal the daughter of the synagogue official; his name was Jairus.

But on His way...

5:25-34 – Jesus heals the woman with the hemorrhage.

This disability made her permanently unclean.

The effects of hemorrhaging for 12 years is catastrophic.

5:35-43 – Jesus continues to the house of Jairus in spite of the fact that Jairus' daughter has died.

Note: This is the first of Mark's (indirect) reference to the resurrection.
