- 2) What is baptism's meaning?

Questions for further contemplation and application after the message:

- 1) What is the content of the gospel message that believers are to evangelize with according to Luke 24:14?

- 2) What does baptism have to do with disciple making?

- 3) According to the message, in biblically administered believer's baptism, what is the main meaning of the imagery when the person being baptized is immersed, and then raised from the water?

- 4) Who should be baptized? Be as specific as possible.
