# THE POWER OF SOUND DOCTRINE

# Introduction – Why Doctrine Matters

Sound doctrine is essential  
for survival, not optional.

Belief shapes desire.

Desire shapes behavior.

Behavior produces bondage  
or freedom.

# Doctrine as a Protective System

Doctrine preserves faith,  
identity, and authority.

Truth held firmly  
produces freedom.

Truth loosened allows  
deception.

# Point 1 – Sound Doctrine Must Be Held Firmly

Text: Titus 1:9

Leaders are called to guard received truth.

Doctrine strengthens believers and refutes error.

## Point 1 – Application

Truth must be guarded  
intentionally.

Passivity invites deception.

Ask: Where have I become  
passive with truth?

## Point 2 – Knowledge Rejected Brings Destruction

Text: Hosea 4:6

Knowledge = covenantal  
understanding.

Leadership failure leads  
to collapse.

## Point 2 – Application

Rejected truth carries consequences.

Mixture replaces clarity.

Examine neglected truth areas.

# Point 3 – The Early Church Built on Doctrine

Text: Acts 2:42

Doctrine shaped  
belief.

Fellowship  
reinforced identity.

## Point 3 – Application

Doctrine produces  
stability and resilience.

Commit to intentional  
formation.

Spiritual growth is  
structured.

# Point 4 – False Doctrine Is a Spiritual Weapon

Text: 1 Timothy 4:1–2

False doctrine operates  
at belief level.

Bondage begins with  
agreement.

## Point 4 – Application

Truth closes doors  
deception opens.

Examine belief  
sources.

Align with apostolic  
truth.
