

Song Lyrics

Mountaintop, The City Harmonic

Verse 1

The valley low that's where we make our homes
But this I know that's what He saved us for
'Cause we've seen
The glory of our King on the mountaintop

Chorus 1

We've been to the mountaintop
We've seen the glory of our God
He is here in the valley low
He's here I feel it in my bones
Our God here and now
We are the body of our God
(Hey)

Verse 2

Oh I don't mind what happens to me now
I know for sure that we've been changed somehow
And we'll be the glory of our King
In His kingdom come

(Bridge)

We build our temples
We build our walls
But they can't hold Him in
We are the temple of our God
But we can't hold Him in
