

A Devotional—Keep going because of what God has done.

Read: Acts 9:1–31

DAY
1

New Eyes

God helped Paul see the truth. God can help you see the truth too. Sometimes you think something is one way. Then God shows you a new way to see. When you listen to God, He can change your heart. He helps you learn what is right and good.

ON-PAGE ACTIVITY: Color the eyes to look like your eyes.

LOOK, God can help me see things in a new way.

DAY
3

A New Way Today

When Saul was arresting followers of Jesus, Jesus ended up appearing to Saul! When Jesus appeared to Saul in a bright light, Jesus spoke to Saul and gave him a HUGE mission.

But after that, Saul ended up not being able to see for three days until God sent someone to help him.

Grab a blindfold and cover your eyes. Have someone help you walk around your house without being able to see.

ASK Jesus to help you see people and things the way He sees them.

DAY
2

God Helps Me Change

Paul changed because God helped him see Jesus. God can help you change too. He can help you see a friend with kindness. He can help you see a mistake as a chance to try again. God helps you grow every day.

KNOW that God can change my heart and help me grow.

DAY
4

Change the Way

Jesus helps us see things differently. Because of Him, we can see the world around us like He does. We can see ourselves and others as the people God made—and loves!

Prayer: “Dear Jesus, thank You that everyone around me is so unique. I pray that I can see others the way You see them and how You created them. I pray that I can love them like You love me. In Jesus’ name. Amen.”

God can help you see things in a new way.
